CLASS INFO

This class is designed to both introduce basic and enhance advanced surveillance techniques. It is open to law enforcement and military personnel however, a private class for security companies can be booked.

Modern surveillance techniques covering foot and mobile surveillance will be taught, demonstrated and put into use during the class practical.

Students will be coupled with other operatives with varying tenure to share techniques, equipment and the latest techniques.

Day one: lecture to impart techniques and guidelines for successful surveillance operations.

Day two: field work gathering intelligence and practicing learned skills from day one.
Day three: practical exercise to achieve a specific given surveillance mission.

EQUIPMENT

Each student should bring the following to class:
Issued Surveillance Equipment,
Vehicle, notepad, plain clothes
